The applications must be lodged, and a fee of 2s. paid, ten days previous to each meeting; and the Magistrates and Justices are restricted from granting Certificates except at these statutory periods. The following is the Perth district of the County, as appointed by the Quarter-Sessions on the 20th September, 1828—viz., Aberdalgie, Abernethy, Arngask, Dunbarney, Dron, Dunning, Forgandenny, Forteviot, Findogask, Kinnoull, Methven, Moneydie, Redgorton, Rhynd, Scone, Tippermuir, Perth.

LICENSING COURTS.

First Tuesday of May and last Tuesday of October. Quarter-Sessions, for hearing appeals in Licensing cases, held at Perth on the last Friday of May and third Friday of November. Applications for Licenses must be lodged, according to a printed form (to be had of the booksellers), with the Clerk ten days before the meeting, and appeals must be lodged within ten days before the Court.

By the Act 16 & 17 Vic. cap. 67, separate applications must be made, and certificates issued, for the sale of Wine and Spirits, and for Porter and Ale; as also for Grocers, to sell either of these classes of Liquors, but not to be consumed on the Premises.

SOCIETY OF SOLICITORS.

This Society was instituted in 1825, and is now incorporated by Royal Charter, dated the 3d September, 1857, into a body politic and corporate, by the name of "The Society of Procurators and Solicitors in the City and County of Perth." The main object of the Society was the establishment of a Law Library; and accordingly there has been formed an extensive collection of books, containing almost every work immediately relating to the business of the profession. There is a standing Committee of Management appointed annually, consisting of the office-bearers and five members.

The Library of the Society is in the County Buildings, and is open from 11 a.m. till 1 p.m.

RATES OF POSTAGE.

Inland Letters.*

The rate of postage on all inland letters is regulated by weight, irrespective of distance, and (with the exceptions afterwards mentioned) is as follows:—

If paid in advance—

Letter weighing not more than $\frac{1}{2}$ oz.,†	1d.
" " more than $\frac{1}{2}$ oz., but not exceeding 1 oz.,	2d.
" " more than 1 oz.,	" " 2 oz.,4d.
" " more than 2 oz.,	" " 3 oz.,6d.

and so on; twopence being charged for every additional ounce.

Unpaid Letters.

As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. The unpaid *additional* postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid. Unless three quarters, at least, of the postage of a letter weighing more than 4 oz. be prepaid, the letter is not forwarded, but notice of its detention is given to the sender, or, when that is not practicable, to the person to whom the letter is addressed.

Addresses to the Queen and Petitions to Parliament.

Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either Houses of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the sides. No letter or other enclosure, however, must be in-

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

sented; and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

Newspapers and other periodical publications bearing the Newspaper Stamp circulated Inland.

Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

All periodical publications, including newspapers, published in the United Kingdom, at intervals not exceeding thirty-one days, and which bear an impressed stamp or stamps denoting the stamp-duty (of the kind formerly confined chiefly to newspapers), may be transmitted and re-transmitted through the post within the United Kingdom free of postage under the following regulations, viz. :—

1. They are subject to the same restrictions with regard to the number of sheets and superficial extent as were formerly applicable only to newspapers properly so called.

2. No publication, or portion thereof, can pass through the post, unless the impressed stamp which it bears be a stamp of the value at least of one penny.

3. The title and date of the publication must be printed at the top of every page.

4. The publication must be folded in such a manner that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside; except that where there are more than two publications in the same cover, it will be considered sufficient if the stamps be so arranged that they can readily be examined.

5. It must not be printed on pasteboard or cardboard, or on two or more thicknesses of paper pasted together; nor must any pasteboard, cardboard, or such pasted paper be sent with it as a back or cover thereto, or otherwise.

6. It must be posted within fifteen days from the printed date of issue.

7. It must have either no cover, or a cover open at the ends.

8. It must not contain any enclosure.

9. It must have no writing or other mark thereon but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vendor who sends it. Thus if a newspaper, franked by a newspaper stamp, after having had the address of one person written upon the paper itself, be sent to another person, the first address must be cut off (obliteration not being sufficient), otherwise the paper will be charged as an unpaid letter.

10. If the publication be addressed to any person within the free delivery of the place where it is posted, it will become liable to a postage of one penny, which must be prepaid by affixing a postage stamp.*

11. When a newspaper, &c., is so folded as not to expose the stamp or stamps, a postage of one penny is charged in addition to any other postage to which the publication, if properly folded, would be liable. If the newspaper, &c., be addressed to any person within the free delivery of the place where it is posted, and do not bear a penny postage label, it is liable to a further charge of 2d.

12. In case of any other irregularity, the publication is dealt with as an unpaid letter.

13. It is suggested that every publication should have a notice to publishers conspicuously printed, pointing out the necessity of exposing the stamp or stamps to view whenever the publication is sent through the post.

14. Stamped publications can also be forwarded under the regulations of the Book Post; but when so sent, the impressed stamp does not count as any part of the postage.

Newspapers sent Abroad.

Newspapers sent abroad are liable to the same regulations as newspapers passing (under the newspaper privilege) between different parts of the United Kingdom, except as regards size, and except that, before going abroad, the name of the newspaper must have been registered at the General Post-Office, and that, instead of requiring to have an impressed stamp (by which is meant the stamp specially used for newspapers), each newspaper is liable to a postage of 1d. if sent to a British Colony, with an addition when the newspaper has to pass through a foreign country; this additional postage being also payable *in stamps only*.† In all cases of newspapers going abroad, the impressed stamp stands for nothing. Publications registered for transmission abroad, although not strictly newspapers, are in all respects treated as such, so far as their transmission by the British office is concerned.

Inland Book Post, &c.

The following are the regulations of the Inland Book Post:—

1. Rates of Postage—

Weighing not more than 4 oz.....	1d.
„ more than 4 oz. and not exceeding 8 oz.	2d.
„ more than 8 oz. „ „ 16 oz.	4d.
„ more than 1 lb. „ „ 1½ lb.	6d.

and so on; 2d. being charged for every additional half-pound or fraction of a half-pound.

* The free delivery of London, so far as applies to this rule, extends to such places only as are within three miles of the General Post-Office.

† Newspapers posted unpaid are retained at the Returned Letter Office for one week, and then, if the postage still remain unpaid, are destroyed.

2. The postage must be prepaid in full, by means of postage stamps affixed outside the packet or its cover.

3. Every packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of its contents, the packet may be tied at the ends with string; but in such case the Postmaster is authorised to cut the string, although he is required to refasten the packet.

4. A book packet may contain any number of separate books or other publications (including printed letters and printed matter of every kind), prints, or maps, and any quantity of paper, parchment, or vellum; and the books or other publications, prints, maps, &c., may be either printed, written, or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers, in the case of prints or maps; markers (whether of paper or otherwise) in books; and, in short, whatever is necessary for the safe transmission of literary matter, prints, or maps, or usually appertains thereto; but no patterns, or books of patterns (unless these consist merely of *paper*), can be allowed.

5. No book packet may contain anything which is sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted, but recommended, so that if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned.

6. No book packet must exceed two feet in length, width, or depth; and if any such packet be presented at a post-office, it will not be received.

7. Any packet which shall not be open at the ends or sides, or shall have any written letter, or any communication of the nature of a letter, written in it, or upon its cover, will be charged with the "unpaid" letter postage.

8. If a packet be found to contain any written letter, whether closed or open, or any enclosure, sealed or otherwise closed against inspection, or any other unauthorised enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet, charged with the full postage as an unpaid letter, together with an additional rate; and the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

9. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate, it is forwarded, charged with the deficient book postage, together with an addi-

tional rate; but any packet which bears no postage stamp is charged with the "unpaid" letter postage.

10. In every case in which the postage chargeable under these regulations is greater than the letter rate, the letter postage is substituted.

Colonial Book Post.

At the following rates, and on the same conditions as the foregoing (except that no packet weighing more than three pounds can be sent to the East Indies or to New South Wales, and that no book packet can be sent direct to any other part of the Cape Colony than Cape Town, Port Elizabeth, and Mossel Bay*), book packets may be forwarded to every British Colony, as well as to the undermentioned foreign countries:—

1. To India, Ceylon, New South Wales, Victoria, Tasmania (Van Dieman's Land), South Australia, Western Australia, New Zealand, Mauritius, and Hong-Kong:

For a packet weighing—	Via Southampton.	Via Marseilles.
not more than 4 oz.	4d.	6d.
more than 4 oz. but not exceeding 8 oz.	8d.	1s.
" 8 oz. " " 1 lb.	1s. 4d.	2s.
" 1 lb. " " 1½ lb.	2s.	3s.
" 1½ lb. " " 2 lbs. ...	2s. 8d.	4s.

and so on; two rates being charged for every additional half-pound or fraction of a half-pound.

2. To every other British Colony, to Buenos Ayres, and the other portions of the Argentine Confederation, to Monte Video, and the rest of the Republic of Uruguay, to Hayti, St Juan de Nicaragua, Mosquito Territory, to Liberia and other parts of the West Coast of Africa, and by private ship to Hamburg, Bremen, and Gottenburg, and via Southampton to Alexandria, Cairo, and Suez.

For a packet weighing—	
not more than 4 oz.	3d.
more than 4 oz. but not exceeding 8 oz.	6d.
" 8 oz. " " 1 lb.	1s. 0d.
" 1 lb. " " 1½ lb.	1s. 6d.
" 1½ lb. " " 2 lbs.	2s. 0d.

and so on; 6d. being charged for every additional half-pound or fraction of a half-pound.

The head Postmaster who first receives a book packet, is required, whenever he has ground for suspecting an infringement of any of the above conditions, and occasionally even when there is no ground for suspicion, to open and examine the packet; and every book packet which is not open at the ends or sides, or which

* If it be desired to send book packets to any place in the interior of the Cape Colony, they should be addressed to the care of some person at Cape Town, Port Elizabeth, or Mossel Bay.

has any written letter or any communication of the nature of a letter written in it or upon its cover, or which does not bear postage stamps equal to a single book rate, is ordered to be sent up, with as little delay as possible, to the Returned Letter Branch of the Circulation Office in London, Dublin, or Edinburgh, as the case may be; but in the case of any other infringement of the regulations, the packet is dealt with by the Postmaster himself, in accordance with the above regulations.

To prevent obstacles to the regular transmission of letters, a head Postmaster may, when necessary, delay forwarding any book packet, not a newspaper, for a period not exceeding twenty-four hours beyond the ordinary time; and at packet offices the delay may, at the option of the Postmaster, be either for that period, or until the despatch of the mail next after that by which the book packet ought otherwise to be forwarded.

It must be borne in mind, that the main business of the Post-Office is the transmission of *letters*, and that the forwarding of books and newspapers (which, as already stated, no one is compelled to send through the Post-Office), though an important, is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delivery of letters. Books, therefore, which would be injured by being thrust into a bag, and hurriedly pressed down like a bundle of letters, should not be sent through the post.

POSTAGE STAMPS.

Every Postmaster is required to have on hand a sufficient stock of postage labels and embossed penny envelopes, and to sell them to the public at the following prices:—

Labels at 1d., 2d., 3d., 4d., 6d., 9d., and 1s. each; Envelopes at 2s. 3d. per packet of 24.

Two kinds of embossed envelopes are now issued; one with a thread passing through the stamp, and the other without any thread, but made with thicker and better paper. Every person can have the kind he prefers.

Every Rural Messenger is authorised to sell postage labels and embossed envelopes at the same price at which Postmasters are empowered to sell them; and when any person applies to him for postage labels, the messenger must either supply them, or (if he have none in his possession) must, without extra charge, receive the postage in money, and, on his arrival at the Post-Office, obtain labels for it, and affix them carefully to the letters.

Prepayment of inland letters, &c., must be by labels or embossed stamps, except at the chief Post-Office, London, where prepayment of such letters from 10 a.m. till 5 p.m. is permitted in *money*, pro-

vided the amount be not less than £1. Letters also to the colonies and foreign countries may be prepaid in money. Except in the case of letters posted in Malta, Gibraltar, Constantinople, Jamaica, Buenos Ayres, Lugos, and Fernando Po, and by sailors in Her Majesty's service, British postage stamps are not available for the payment of letters, &c., *coming into this country*.

By using embossed envelopes, all risk of the stamp being detached may be avoided; but when labels are used, these should be examined to see that they firmly adhere, since, if they fall off, the letters, &c., will be charged with postage, which, in the case of inland letters, is double the prepaid rate. To some places abroad, also, double the prepaid rate is chargeable in such cases; and in other instances the letters, &c., are liable to be detained for the deficient postage. The labels should be placed on the front of the letter, and upon the right-hand corner of the upper side.

Arrangements have been made by which paper and envelopes taken by the public to the office of the Inland Revenue, Somerset House, can be embossed with stamps equal to any rates of postage (including a threepenny stamp) under the following regulations:—

1. When the stamps required do not amount to £10 worth, one shilling is charged, in addition to the postage stamps, for each distinct size of paper.

2. When the stamps amount to £20 worth, no fee is charged, provided one size of paper only be sent.

3. When the stamps amount to £20 worth, no fee is charged, provided not more than two sizes of paper be sent.

4. When the stamps amount to £30 worth, no fee is charged, provided not more than three sizes of paper be sent.

5. When the stamps amount to £40 worth, no fee is charged, provided four sizes of paper only be sent; and no more than four sizes can be received on a single warrant.

6. No *folded* envelopes can be stamped; and therefore paper, whether intended for envelopes or letters, must be sent unfolded, and without being creased.

7. Every distinct size and form of envelope or paper must be marked so as to indicate the place on which the stamp is to be impressed, in order that, when the envelope or letter is folded and made up, the stamp may appear in the proper position, according to the rules of the Post Office.

8. No coloured paper can be received for stamping, nor any paper which is too thin to bear the impression of the dies.

9. Envelopes provided by the office of Inland Revenue, with the proper stamps thereon, will be substituted for any which may be spoiled in the operation of stamping.

A license to sell postage stamps may be obtained, free of expense, by any respectable person on application to the office of the Inland Revenue.

REGISTRATION.

By the prepayment of a fine of fourpence, any letter, newspaper, book, or other packet on which the postage has been prepaid in stamps, may be registered to any place within the United Kingdom. Book packets and newspapers can also be registered to the Colonies under certain conditions. To foreign countries *letters only* can be registered. The registration of a packet makes its transmission more secure, by rendering it practicable to trace it, when inland, from its receipt to its delivery; and when colonial or foreign, if not to its delivery, at least to the port of despatch. The Post-Office does not guarantee the safe delivery of the letter, &c., though any officer who may neglect his duty on this point will be called to strict account, and, if the Postmaster-General think fit, will be required to make good any loss that may be sustained.

The postage and registration fee of registered letters must be prepaid; and if the letter be inland, such prepayment must be by stamps.

Every letter to be registered should be presented at the window, and a receipt obtained for it, and must on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of eightpence, instead of the ordinary fee of fourpence. No Letter-carrier or Rural Messenger is required to take letters for the public to have them registered.

The latest time for posting registered letters in the country is entered in the notice exhibited in every Post-Office; such time, unless otherwise directed by the Surveyor, being fifteen minutes before the closing of the box for the mail by which the letters are to be despatched.

Parliamentary Notices.

Parliamentary notices may be forwarded through the post under the following regulations:—

The words "Parliamentary Notice" must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter, though this is not imperative.

DELIVERY.

Letter-carriers and Rural Messengers are prohibited from distributing any letters, newspapers, &c., whether before beginning their rounds, whilst on their rounds, or after they may have completed them, except such as have passed through a Post-Office. Nor are they allowed to receive any payment beyond the postage for the

delivery or collection of any letter or newspaper, nor to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities.

Delivery at Window.

No person living within the town free delivery, unless he rent a private box, can obtain his letters at the office window if a delivery by Letter-carriers is about to commence; but when a mail arrives, after which there is no immediate delivery by Letter-carriers, any person may obtain his letters arriving by such mail on applying at the window so long as the office is open. There are, however, exceptions to this rule in cases where there are frequent deliveries by Letter-carriers.

In order to prevent the additional trouble which is sometimes caused by letters being directed to a post-office, although for persons residing within a free delivery from such office, but who have no private box, a Postmaster is authorised, when such letters arrive by a mail for which there is a delivery from house to house, to refuse to deliver them at the window (even though initials may be substituted for the name), and to send them out by the Letter-carriers, except such as are addressed to the military in barracks.

Private Boxes and Bags.

Any person can have a private box who is willing to pay the appointed fee. Where this fee goes to the revenue, it is generally fixed at one guinea per annum, to be paid in advance, and for a period of not less than a year; and where it goes to the Postmaster, he may demand the same terms, though he may, at his option, take less. The same also, in most cases, are the terms for a private bag, except that, in addition, there is the cost of the bag itself, and a charge for conveyance, the maximum of the latter being half-a-guinea per annum, if the bag be conveyed by a rural post messenger, and two guineas if by a contractor for a mail-cart or other horse-post. The weight of a private bag, when empty, is limited to one pound. As the service of a private bag, however, may possibly delay the despatch of the general bag, none are allowed without the permission of the Surveyor.

MONEY ORDERS.

The public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time, and afford greater security than verbal messages against mistakes. These forms are supplied gratuitously at all Money Order Offices.

The commission on an inland Money Order not exceeding £2 is threepence; above £2 and not exceeding £5, sixpence; above £5 and not exceeding £7, ninepence; above £7 and not exceeding

£10, one shilling. The commission on Money Orders to any of the Colonies with which money-order business is transacted is fourfold these sums; and on Money Orders payable at Malta or Gibraltar threefold.

No order is allowed to contain a fractional part of a penny.

With the subjoined exceptions, no Money Order can be issued unless the applicant furnish in full the surname and at least the initial of one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address:—

1. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient, and if a firm, the usual designation of such firm will suffice, except a company trading under a title which does not consist of the names of the persons composing it, as the "Caron Company," to which kind of company the above privilege does not extend.

2. Money Orders for transmission by the public to the Privy Council Office will be issued payable to "The Privy Council Office," the name of the payee not being required in these cases.

3. When the remitter notifies in writing that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee; and he may, if he wish it, substitute for the name of the payee any other designation or any modification of the name, as for example,—“The Cashier of the Bank of England”—“The Chief Clerk of the Foreign Office”—“The Publisher of the Times”—“Longman & Co.”

When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed at the Head Office alone. It is not incumbent on a Postmaster to supply such information relative to local or provincial offices.

Orders cannot be Cancelled.

An order once issued cannot be cancelled; and should repayment or transfer to a different office, or alteration of name, be required, the remitter must apply to the issuing or paying Postmaster, according to the directions printed on the back of the order.

The remitter of an order may make that order payable ten days after date, provided he sign the requisition "C.," printed on the face of that order, to defer payment until ten days after date, and affix a penny receipt stamp thereto.

Payment of Money Orders.

When an order is presented for payment (otherwise than through a bank), the Postmaster has first to see that the signature of the payee be as full as the name given in the advice, and be not in any way inconsistent therewith. He has then to call on the appli-

cant to give the name of the remitter, and, if the reply be correct, the order will be paid, unless the Postmaster have good reasons for believing that the applicant for payment is neither the rightful claimant, nor deputed by him. When an order is paid through a bank, it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee himself or by another person), and that it be presented (crossed with the name of the receiving bank) by some person known to be in the employment of the bank.

The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

Money Orders do not require a receipt stamp.

Lapsed and Void Orders.

Payment of an order must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January, it must be paid before the end of March), otherwise the order becomes lapsed, and a new order will be necessary, for which a second commission will be charged. Any person presenting a lapsed order, will be furnished with a copy of a printed notice, headed "Lapsed Money Orders," containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January), all claim to the money will be lost.

No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time; and after once paying a Money Order, by whomsoever presented, the office is not liable to any further claim. The public are therefore strictly cautioned,—

1. To guard against the loss of the Money Order.
2. Never to send the Money Order in the same letter with the information required on payment thereof.
3. To be careful, on applying for a Money Order, to state correctly the surname, and at least the initial of the Christian name, of the person in whose favour it is to be drawn.
4. To see that the name of the person taking out the order is correctly known to the person in whose favour it is drawn.

Under no circumstances can payment of an order be demanded on the day of issue.

Duplicate Orders, &c.

In case of the miscarriage or loss of a Money Order, a duplicate is granted on a written application (with the necessary particulars,

and enclosing the amount of a second commission in postage stamps) to the Controller of the Money Order Office of the kingdom where the original order was *issued*; and if it be desired to stop payment of an order, a similar application, with enclosure of postage stamps, must be made to the Controller of the Money Order Office of the kingdom in which the order is *payable*. If alteration in the name of the payee or remitter of a Money Order should be required, application must be made by the remitter to the Postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an order from one office to another in the United Kingdom, or repayment of the amount of an order be required, an application, enclosing the order, must be made to the Postmaster at whose office the order is payable, who will transmit in exchange a new order, payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the re-issue. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed at the back of the Money Order. Whenever, on complaint being made, it is found that the necessity for an application entailing the payment of a fresh commission is attributable to the Post-Office, the charge will be remitted; and when it can be ascertained where the blame lies, the officer in fault will be required to pay the additional commission.

A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the applicant with the prescribed form of application. Moreover, if payment of an order be refused in consequence of the replies to the questions respecting the remitter not corresponding with the entries in the advice, or of a difference in the name in the receipt, the Postmaster is instructed to advise the applicant for payment to communicate with the remitter, and request him to apply personally to the issuing Postmaster.

No Letter-carrier or other servant of the Post-Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

No Money Order business is transacted on the Sunday; neither in England or Ireland is any transacted on Christmas Day or Good Friday, nor in Scotland on the Sacramental Fast-Days; but, for the convenience of the labouring classes, the provincial offices are kept open on the Saturday night till 8 o'clock (or as near that hour as the despatch of the mail will allow), except where the Surveyor of the district considers such an arrangement unnecessary.

Money Orders are issued and paid at the chief offices in London, Dublin, and Edinburgh daily, between the hours of 10 a.m. and 4 p.m., except on Saturdays, when the hours for business are from 10 a.m. till 1 p.m. Orders are issued and paid at most provincial

offices from 9 in the morning till 6 in the evening, and the time is never less than from 10 till 4. A Postmaster, however, is in some cases allowed to suspend the business during the time he is making up his letter-bags, &c., provided a notice of the intervals be placarded at his office.

The Deputy Postmasters-General of Malta and Gibraltar are authorised to *issue* Money Orders on the several Money Order Offices in the United Kingdom and Canada.

Money Orders are issued at all Money Order Offices in the United Kingdom of Great Britain and Ireland, Victoria, Western Australia, and the Cape of Good Hope, and at Malta and Gibraltar, on Money Order Offices in Canada, and by these offices on any Money Order Office in the United Kingdom, at the charge of 1s. for any sum not exceeding £2, and 2s. for any single sum not exceeding £5; 3s. for any sum above £5 and not exceeding £7; 4s. for any sum not exceeding £10, beyond which amount no order can be granted.

The issue of Money Orders under the above arrangements is in all other respects on the same conditions as regulate their issue by one office on another in the United Kingdom, except that, in consequence of the distance between the United Kingdom and Canada, an interval of six instead of two months is allowed after the issue of an order in one country, payable in the other, before such order becomes lapsed.

The renewal of a lapsed order, the issue of a duplicate order, or the stoppage of payment of an order, will be made on the application of the proper party to the Controller of the Metropolitan Office of the country in which such *order is payable*, provided an additional inland rate of commission be enclosed with the application, except in the case of lapsed orders, when the additional commission will be deducted from the amount of the new order issued by the department; but the lapsed order must be transmitted with the application for its renewal. Postmasters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of Canadian orders originally drawn on their own offices.

For repayment of the amount of a Money Order, or for the correction of any error respecting the name of the payee or remitter of an order, the application on the subject, enclosing an additional inland rate of commission, must be addressed to the Controller of the Metropolitan Office of the country in which the *order was issued*.

POST-OFFICE SAVINGS BANKS.

These Banks are established under the provisions of the Act 24 Victoria, cap. 14, entitled "An Act to grant additional facilities for depositing small savings at interest, with the security of the Government for the due repayment thereof," and are open daily during the hours appointed for Money-order business for the receipt

of deposits of One Shilling, or any number of Shillings, subject, of course, to the limitations of amount prescribed in the Acts previously in force for Savings Banks. Whatever facilities or advantages were given by the previously-established Savings Banks to individual depositors, whether male or female, and to Friendly Societies, Charitable Societies, and Penny Banks, are given by the Post-office Savings Banks, which, however, besides being open daily for many hours, have these additional advantages—that a depositor may make his deposits in each or any of them, and may withdraw his money from any one of them, no matter where he may originally have deposited it. Thus, if he began to deposit at Glasgow, he may make his subsequent deposits in Dumfries, Stirling, Aberdeen, or any other place having a Post-office Savings Bank, to which his occupation may carry him, and he may withdraw all, or part of his deposits, at any place having a Post-office Savings Bank, where it may be convenient to him to receive it.

Depositors in the previously-established Savings Banks may, if they please, transfer the whole of their deposits, irrespective of amount, from those banks to the Post-office Savings Banks. The Act, before quoted, has provided that these transfers may be effected without the necessity for any cash payment; and depositors, wishing to make such transfers, should apply to the Trustees or Managers of the Savings Bank in which their money is placed for a certificate under the 10th clause of the Act 24 Vic. cap. 14, of the amount due to them. This certificate, which is not to be accompanied by cash, may be presented to the Postmaster, at any Post-office Savings Bank, who will receive it as if it were money, and credit the depositors accordingly.

MISCELLANEOUS REGULATIONS.

With the following exceptions, no letter, &c., can be forwarded by the post which is more than two feet in length, breadth, or depth; nor any unpaid packet which weighs more than four ounces, unless three-quarters of the postage have been paid. The exceptions are—

1. Packets to or from places abroad.
2. Packets to or from any of the Government offices or departments, or public officers.
3. Petitions or addresses to the Queen, whether directed to her Majesty, or forwarded to any member of either House of Parliament.
4. Petitions to either House of Parliament, forwarded to any member of either House.
5. Printed parliamentary proceedings.

No information can be given respecting letters which pass through a Post-office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

Postmasters are not allowed to return any letter to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon, as every letter must be delivered to the person to whom it is directed, and to him alone.

Late Letters.

Late letters, &c., are received till within five minutes of the despatch of the mails, except where the Surveyor may deem a longer interval necessary, and except that no office is to be kept open merely for this purpose after ten o'clock at night, at the address it bears.

No late letters, &c. (except Government letters) are forwarded by the mail preparing for despatch unless prepaid, and that in stamps, so as to include both the ordinary postage and the late-letter fee; but in the case of Government letters it is sufficient to prepay the fee.

Re-directed Letters, &c.

With the subjoined exceptions, every re-directed letter or other postal packet will be liable to an additional postage (at the prepaid rate) unless the re-direction be not only made by an officer of the Post-office, but be to a place within the district belonging to the same head office. Thus, on a paid or unpaid letter re-directed, either by an officer of the Post-office or by any one else, to a different postal district in the United Kingdom, and weighing not more than half an ounce, an additional postage is levied of one penny; or, if the weight be more than half an ounce, but does not exceed an ounce, of twopence, and so on. Upon a book thus re-directed to any other postal district in the United Kingdom, and weighing not more than four ounces, an additional postage of one penny is levied, or, if the book weigh more than four ounces, but not more than eight ounces, an additional postage of twopence, and so on.

Newspapers and books, &c., received from abroad, and re-posted to any other place abroad with which there is no book post, are chargeable with letter postage.

A registered letter, when re-directed, is not subject to a greater additional charge than an ordinary letter.

Letters which have once been posted addressed to commissioned officers in the army, navy, or ordnance, employed on actual service in any of her Majesty's colonies, or any foreign station, and who, before receiving the letters, may have started on their return home or to another station, may be re-directed to such officers when these officers have removed *upon service*, and will be delivered to them for the same postage that would have been chargeable had the letters been delivered at their original address. The same privilege extends to the letters of soldiers and seamen, except as

regards foreign postage, which must be paid. No such privilege, however, is allowed with regard to letters for a commissioned officer when such officer is in the United Kingdom, and was so when the letters were posted.

Postmasters are not bound to re-direct letters for inhabitants of the same postal district unless their places of abode should be left uninhabited, or they have a private bag or a private box, and unless, in addition, a written application be received by the Postmaster from the person to whom the letters are addressed, requesting that they may be re-directed.

Every Postmaster is required to have a notice conspicuously placarded, giving information respecting the hours of attendance, the despatch and delivery of letters, &c.

During the time the office is open on Sunday (viz., from 9 to 10.15 in the morning), the public are allowed to prepay foreign and colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except the issue and payment of Money Orders, which on that day are wholly suspended.

At no provincial office in England or Ireland is there more than one delivery on the Sunday, Christmas Day, or Good Friday; nor in Scotland on Sunday or the Sacramental Fast-days; and any person is at liberty to prevent even this, so far as relates to himself, as shown by the following regulations:—

1. Any person can have his letters, &c., retained in the Post-Office on Sunday by addressing to the Postmaster a written request, duly signed, to that effect.

2. Such request will be held to include newspapers and all other postal packets, even such as may be marked "immediate," as no distinction can be allowed.

3. No letters, &c., the non-delivery of which by the Letter-carrier on Sunday has been directed, can be obtained from the Post-Office window on that day.

4. Private box-holders have the option of applying for letters at the office while it is open for delivery on Sunday, or of abstaining from so doing, as they may think proper; but no person can be permitted to engage a private box for Sunday only.

5. To prevent the inconvenience and confusion which would arise from frequent changes in these instructions, no request can be entertained unless it extend to a period of at least three months, nor be withdrawn, even after the lapse of that time, without a week's notice.

Change and Bad Money.

No Postmaster is bound to give change, or is authorised to demand change; and when money is paid at a Post-Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

Postmasters not bound to Weigh Letters for Public.

Except as regards foreign and colonial letters about to be prepaid in money, a Postmaster is not bound to weigh any letters or other packets for the public, though he may do so if his duty be not thereby impeded.

Postmasters are instructed not to receive any letter, &c., which there is good reason to believe contains anything likely to injure the contents of the mail-bag or the person of any officer of the Post-Office. If such a letter, &c., be posted without the Postmaster's knowledge, or if at any time before its despatch he should discover any letter, &c., of the above description, he is directed not to forward it, but to report the case, with the address of the letter, &c., to the Secretary. The following are examples of the articles referred to:—A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or combustibile.

Undelivered Letters.

When any letters, &c., remain undelivered, owing to the residences of the persons to whom they are addressed not being known, a list of the addresses is affixed in the window of the Post-Office to which they may have been sent during the time (one week) they are allowed to remain there.

When the reason for the non-delivery of a letter, &c., in the country is "Deceased," the packet is sent as soon as practicable, to the Returned Letter Office, as are all letters intended for ships which have sailed before their arrival. When the reason is "Refused," "Not known," or "Gone away," the letter is retained by the provincial Postmaster for one week before being sent to the Returned Letter Office; and when the reason is "Not called for," (the letter being addressed to a Post-Office), the packet is retained by the Postmaster one month, except in the case of letters at sea-ports addressed to persons on board ships expected to arrive at such ports, which letters are kept three months. London district letters, and letters from the country addressed to London and its neighbourhood, when the reason is "Deceased," "Refused," or "Gone away," are sent to the Returned Letter Office on the day after the attempt to deliver them. All town and provincial letters which contain the name and address of the senders are returned to them the same day they reach the Returned Letter Office. Colonial and foreign letters are, with a few exceptions, returned in periods varying from one to two months.

Ever letter, &c., which is opened at the Returned Letter Office, and found to contain the address of the sender, is sent back to him;

but such as do not contain the sender's address are destroyed, except those which contain money or other articles of value.

By the Act 1st Victoria, cap. 36, sec. 2, any person conveying otherwise than by the post a letter not exempted from the exclusive privilege of the Postmaster-General, incurs a penalty of £5 for every letter, and £100 for every week the practice is continued. The sender also incurs a penalty of £5 for every letter, with full costs of suit.

The following are the exceptions granted by the Act 1st Vict. cap. 34, from the exclusive privilege of the Post-Office in the conveyance of letters:—

1. Letters sent by a private friend, so as such letters be delivered by such friend to the party to whom they shall be directed.

2. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereof, issuing out of a Court of Justice.

3. Letters sent out of the United Kingdom by a private vessel (not being a packet boat).

4. Letters of merchants, owners of vessels of merchandise, or the cargo or loading therein, sent by such vessels of merchandise, or by any person employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

5. Letters concerning goods or merchandise sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

6. No person is authorised to make a collection of such excepted letters for the purpose of sending them in the manner above described.

The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same:—

1. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack-horses, and owners, drivers, or guards of stage-coaches.

2. Owners, masters or commanders of ships, vessels, steam-boats, or boats called or being passage or packet boats, sailing or passing coastwise or otherwise between places within Great Britain or Ireland, or between, to, or from ports within her Majesty's dominions or territories out of the United Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board.

3. Passengers or other persons on board any such ships, vessels, steam-boat, passage or packet boat.

4. The owners of or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other her Majesty's dominions.

Provision having been made by means of the British Postal Guide (with local Postal Guides in large towns) and the Postal Official Circular, to supply full and authentic information on all postal matters which concern the public at large, it is requested that persons will abstain as much as possible from applying for such information to Postmasters and other officers of the department. When information of any kind is asked for *verbally*, the department does not hold itself at all responsible for alleged errors in the reply.

SUGGESTIONS TO THE PUBLIC, &c.

Facility is given to the Post-Office in the discharge of its daily duties, and greater security afforded to the public, by careful attention to the following recommendations:—

To post all letters, &c., as early as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars. The trouble of the office is much diminished if circulars, before being posted, be tied in bundles, with the addresses all in one direction.

To see that, when several letters are sent by the same person for registration, they be accompanied with a list (in duplicate) of the addresses; one list to be retained at the post-office, and the other, when signed, to be returned by the bearer. This practice (which is adopted by many bankers) saves time both to the public and to the department.

To make the address legible and complete, giving the name of the post town, and if there be more than one town in the kingdom of that name, or if the post town be not well known, adding the name of the county. Letters posted in one part of the United Kingdom, and intended for another part (as, for example, letters posted in England and intended for Scotland), should have the name of the country to which they are sent added to the other part of the address. The number of the house too, if in a street, is a great assistance. It must not be supposed that because a letter will eventually reach its destination without a number, the omission is not a cause of hesitation and delay in the process of sorting for delivery; and when such small delays occur again and again, they tend greatly to retard the general distribution. In the case of letters for places abroad, the name of the country, as well as the town or city, should be given in full. Attention to this latter precaution will often assist in deciphering the name of the town or city, and will prevent the

letter from being mis-sent when there are towns of the same name in different countries. For example, a letter intended for London in Western Canada, North America, but simply addressed "London, W.C.," would be forwarded to the West Central District of the Metropolis in England, and be delayed.

To see that every letter, newspaper, or other packet sent by post is securely folded and sealed. It should be remembered that every such packet has to be several times handled, and that even when in the mail-bag it is exposed to pressure and friction. Unless, therefore, the article be light and pliant, it should be enclosed in strong paper, linen, parchment, or some other material which will not readily tear or break. The observance of this precaution is especially necessary whenever any fragile articles of value are forwarded by post. These should always be enclosed in a wooden or tin box.

Newspapers.

To fasten the covers of newspapers firmly, so as to prevent them slipping out. When, for additional security, the address is written on the newspaper itself, such address (if the newspaper be franked by an impressed stamp) must, in case of re-transmission, be cut off, otherwise the newspaper will become subject to letter postage. It is not sufficient that the old address be *obliterated*, as the rules forbid writing or marks of any kind in addition to the true address. If, however, the newspaper be franked by a *postage* label, it is not necessary to cut off the address, since, in such cases, writing, not of the nature of a letter, is permitted.

Affixing Stamps.

In affixing stamps, to wet slightly the corner of the envelope and the gummed side of the stamp, and then gently to press the stamp till it is firmly fixed. The practice of dipping the stamp in water is objectionable, because, unless the stamp be immediately withdrawn, and care be taken, by the use of blotting-paper or some other absorbent, to remove any excess of moisture, the gum may be washed off, or the stamp may be rubbed off the letter. By the use of envelopes bearing the *embossed* stamp (which can be purchased at any Post-Office) all risk of the stamp being detached may be avoided.

When dropping a letter, newspaper, &c., into a letter-box, always to see that the packet falls into the box, and does not stick in its passage.

Money, &c.

Never to send money or any other article of value through the post, except either by means of a Money Order or in a registered letter. Any person who sends money or jewelry in an unregistered letter, not only runs a risk of losing his property, but

exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter-carrier to moral ruin. Every letter which contains money or other valuable article, even when registered, ought to be securely sealed.

To provide a letter-box.

In case of removal, to furnish the particulars of the new address, in writing, either to the Secretary or to the letter-carrier of the district.

Complaints about mis-sent Letters, &c.

When complaint is made of letters or newspapers lost, miscarried, or delayed, to furnish information as precise as possible regarding all the facts of the case, and to enclose whatever documents may throw light upon it. The day and hour at which the letter or newspaper was posted, as well as the office at which and the person by whom this was done, should always be stated; and, when possible, the cover or wrapper in an entire state should be sent, in order that the place of delay may be ascertained by an examination of the stamps. Cases frequently occur in which complaint is made against the Post-Office, and redress expected, although little or no means of tracing the error, and of guarding against the repetition of it, is supplied by those who alone are able to do so.

To see that every letter contains the full address of the writer, in order to ensure the return of the letter if the person to whom it is directed cannot be found.

Blame often not attributable to Post-Office.

Whilst trouble and loss are too often caused by the carelessness or dishonesty of some of the twenty-three thousand servants of the Post-Office, yet the instances are not few in which it has been shown, to the satisfaction even of the complainant, that the fault, attributed at first sight to the Post-Office, rested really in other quarters.

Extensive and systematic depredation is not likely, whoever the perpetrator may be, to remain long undiscovered; but isolated cases of theft by private hands are often brought to light, although necessarily very difficult of proof on the part of the Post-Office, upon which, no doubt, the blame for a time rests; and it is greatly to be desired that those who have suffered loss should, in the first instance, and whilst the circumstances are fresh, endeavour to ascertain with the utmost precision all particulars respecting the despatch or receipt of the letters or papers in question, and communicate that information to this department. Indeed, generally speaking, it is only by careful inquiry into minute details that the offender can be detected, whether he be a servant of the Post-Office or not.

The Right Honourable LORD GRAY.

SIR GRAHAM GRAHAM MONTGOMERY of Stanhope, Bart., M.P.

THE THIRTY-THIRD ANNUAL GENERAL MEETING was held in the Waterloo Rooms, Edinburgh, on Tuesday, the 3d May, 1864,—JOHN BRUCE, Esq., Merchant, Leith, in the Chair. The Manager read the following

REPORT BY THE DIRECTORS.

The Directors have the satisfaction of again meeting the Members with a favourable Report of the Society's business for the year ended on 1st March last.

The Annual Balance-Sheet of the Books and relative Statements of the Affairs of the Society, certified as usual by a Committee of Directors, are herewith submitted, and will be read to the Meeting; and the following are the results of the year's transactions:—

NEW ASSURANCES.

The Gross Amount of Sums proposed for Assurance (contained in 668 Proposals) was.....£420,683 0 0

The Amount of Assurances completed, in 572 Policies issued (after deducting the Sums reassured with other Offices), was £345,933 0 0

And the Annual Premiums on the New Assurances effected (besides £528 of Single Payments) amounted to..... £11,367 3 0

The new Business now reported exceeds that of the year to 1st March, 1863, by £36,615; and, with one exception, is the largest amount of Assurances effected in any year of the Society's existence.

CLAIMS BY DEATH.

The following are the Claims which have arisen in consequence of the death of 149 Members during the year, viz:—

Original Sums Assured by 168 Policies,..... £105,602 0 0

Bonus Additions, 28,349 19 0

Total Amount of Claims,.....£133,951 19 0

As was to be anticipated from the increase in the number and age of the Assured, the claims somewhat exceed those of the preceding year; but the mortality is within the expectation, according to the Tables which form the basis of the Society's business.

By the transactions of the past year, the amount of the subsisting Assurances has been increased to the extent of £158,910; while the Accumulated Fund has been increased by £66,330; and the Annual Revenue by £9,944.

The position of the Society at the close of the financial year, on 1st March, 1864, was as follows:—

Existing Assurances, including Bonus Additions, £6,044,584
Accumulated Funds,£1,528,746
Annual Revenue—

From Premiums,	£160,647	
From Interest,.....	61,595	
	£222,242	

The Society having, at an Extraordinary General Court, held on 12th November, 1863, finally approved of a Resolution authorising the transaction of "all the business of and connected with a Life Assurance Society, in all the various branches thereof, and that either with or without Participation in the Profits," the Directors are prepared to receive proposals for Assurance—

WITH PARTICIPATION IN THE PROFITS.

- ON SINGLE LIVES, FOR THE WHOLE TERM OF LIFE, the Premiums being payable yearly or half-yearly during life,—for one or a specified number of years,—or till the attainment of a specified age.
- ON JOINT LIVES, THE SUMS BEING PAYABLE AT THE FIRST DEATH, and the Premiums then ceasing.

WITHOUT PARTICIPATION IN THE PROFITS.

- ON SINGLE LIVES, FOR THE WHOLE TERM OF LIFE, the Premiums being payable in the several ways above specified.
- ON SINGLE LIVES, FOR A LIMITED NUMBER OF YEARS, by yearly Premiums.
- ON JOINT LIVES, payable at first death.
- ON JOINT LIVES AND LIFE OF THE SURVIVOR, payable at last death.
- ON SURVIVORSHIPS, payable in the event of one life predeceasing another.

LIFE ASSURANCE INSTITUTIONS,

And the *soundness of the principles* on which they are conducted, can only be *thoroughly tested by time*, as upwards of a quarter of a century must elapse ere the due fulfilment of their earliest contracts.

An Office is best recommended when the *past history* can be appealed to for benefits conferred.

The Edinburgh Life Assurance Company,

Established in 1823, Incorporated by Special Act of Parliament, and combining the security of a Proprietary with Mutual Assurance, has *declared and paid* accumulated Bonuses of £145 per cent., £110, £100, £85, £71, £65 per cent., and various others, according to the endurance and position of the Policies—the principles of division *conferring the highest benefits on all First-Class Lives*.

The *present* character of the Company is exhibited in the result of a continued successful progress of *upwards of thirty-five years*.

To *new Insurers*, the best guarantee of the *future* is to be found in the *past history* and *present position* of the Company.

The SEVENTH DIVISION of the Company's Profits is appointed to be made at 15th November, 1865, and all Policies now effected will participate. The Fund to be divided will be the Profits which have arisen since 15th November, 1860.

ANNUAL REPORT.

THE THIRTY-EIGHTH ANNUAL GENERAL MEETING of the STANDARD LIFE ASSURANCE COMPANY was held at Edinburgh, on Monday, the 29th of February, 1864,—GEORGE MOIR, Esq., Sheriff of Stirlingshire, and Professor of Scots Law in the University of Edinburgh, in the Chair.

The Report by the Directors made reference to the satisfactory progress of the Business, and the following results were communicated, showing the operations of the Company during the year 1863:—

Amount proposed for Assurance during the year,	£797,710	0	0
Amount of Assurances accepted, and for which Policies were issued,	£643,960	0	0
Annual Premiums on new Policies,	£21,482	15	5
Claims by Death during the year, exclusive of Bonus Additions,.....	£137,276	19	6
Annual Revenue at 15th November, 1863, ...	£336,960	2	0
Arising from Premiums, £247,038	11	8	
Arising from Interest on the Invested Funds,...	89,921	10	4
	£336,960	2	0
Accumulated Fund, invested in Government Securities, in Land, Mortgages, &c.....	£2,133,299	16	1

The Business of the Company has increased steadily year by year since its establishment in 1825. During the last eighteen years its progress has been very rapid.

From 1845 to 1851 the amount of Assurances effected was.....	£2,614,141	0	10
From 1851 to 1857 the amount of Assurances effected was.....	3,116,679	12	6
From 1857 to 1863 the amount of Assurances effected was.....	3,378,199	7	0
Total in Eighteen Years,.....	£9,109,020	0	4

Being a yearly average of upwards of *Half a Million* sterling effected during that period.

The Revenue of the Company in 1846 was £120,815, 19s. 5d.; in 1851, £180,203, 5s. 8d.; in 1856, £254,484, 10s. 8d.; in 1863, £336,960, 2s. 0d.

Investment of Funds.

The Funds of the Company, now amounting to considerably upwards of **TWO MILLIONS STERLING**, are invested in Government securities; in Loans on the security of Land, by Bond or Mortgage; in Landed Property; in advances to the Company's Policy-holders, and in other ways affording undoubted security.

Progress of the Business during the Year 1864.

The amount of Business transacted during the present year is greatly in advance of that of the year 1863, and promises to be the most successful year of the Company's progress.

In addition, the **STANDARD** has obtained the Business of the **MINERVA LIFE ASSURANCE COMPANY**, of London, on the dissolution of that Institution. The **MINERVA COMPANY** was established in 1836, and possessed an Income of upwards of £87,000 per annum, with a large accumulated Fund, which have been transferred to the **STANDARD COMPANY**.

By this accession of Business, the Income of the **STANDARD** will now considerably exceed **Four Hundred Thousand Pounds per Annum**, and its accumulated and invested Funds amount to upwards of **Two Millions and a Half Sterling**.

Persons who wish to Assure in the most economical manner may retain in their own hands one-half the Premium for the first five years, bearing Interest in advance, the unpaid Premiums remaining a debt on the Policy, to be cleared off from the Profits, or to be deducted when a claim arises.

TIME IS MONEY.

No Home is now complete
 WITHOUT
A SEWING MACHINE.

If poor Tom Hood had seen
 this time,
 His song would have a different
 rhyme;
 And "shirts," his one great
 theme of sadness,
 Would be revised a "song of
 gladness."

THE SEWING MACHINES of NEWTON, WILSON, & CO., are renowned for their simplicity and non-liability to derangement. They are easy to operate, simple to learn, and almost noiseless when in action. They make their own Braid, in Cotton, Silk, or Berlin Wool, and stitch it on at the same moment,—will stitch from a single thickness of Cambric to six thicknesses of Woollen Cloth, and do all the requirements of a Home, Plain and Ornamental.
